# OTHER DISPLAYS

## WINGED FOLIOS

Winged Folios are a stunning option to present two or three prints.

They are beautifully wrapped in a handmade suede, vegan leather or linen cover options.

The folio itself is 10 x 8 and each image can be full frame or set within an archival matte (either ice white or black).

They are available with a host of customisation options such as UV print, debossing and gold, silver and rose gold foiling.

Double Winged Folio - £105.00

Triple Winged Folio - £130.00

## ACRYLIC SPHERES

Your image is printed and face-mounted edge-to-edge on laser cut, diamond polished, ultra-high quality 5mm thick acrylic and backed with 3mm of highly durable Foamex. Hanging devices are included along with stand offs to allow the product to appear as if it is floating off of the wall.

A variety of sizes are available.

Prices starting from £95.00

## CANVAS TRAY FRAME

The canvas tray frame is left open without glass, with a Canvas Print sitting flush with the front of the solid wood frame for a beautifully minimalistic feel.

A shadow gap is left between the inside edge of the tray frame and the side of the canvas, creating a more dramatic version of the negative space created by a traditional mount.

It is finished with a protected Giclee varnish that protects the canvas from dust and scratches. You can opt against the varnish for a matte finish but this offers less protection to the print.

A variety of sizes are available and in 4 different framing colour options. Prices starting from £146.00

## A NOTE TO SAY...

My printing supplier is a brand called Digitalab. They are UK based and the care that they put into printing and hand making their products is second to none. Whilst I am aware that cost is a big factor for a lot of people, I've had to balance this with the quality that Digitalab provide. I also take a lot of care my side to ensure that the image is edited to the highest quality, so please bare in mind that each pricing does also include the time taken for me to do so.

Your photoshoot with me is just the first step of our process but having those special photos to treasure forever and display in the family home is why it's so important to get it right.

My pricing list includes my key products but should you want to have a look at other products that Digitalab supply, please feel free to view their website at [www.digitalab.co.uk](http://www.digitalab.co.uk). If you spot a product on their website that you are interested in, let me know and I can price this accordingly for you,

I cannot wait to see your photos come to life in however you choose to present them.
